## BOARD OF TRUSTEES MEET IN REGULAR WEEKLY SESSION

All members present but Trustee Conrad.

A communication from the Los Angeles Board of Freeholders was read requesting the sending of one or more representatives to a meeting to take up the matter of borough government in case of future annexation. Trustees Boyce and Webster were appointed.

A request from Fire Chief Gould dropping names from fire department and substituting George Tauxe, H. Van Meter and Harry La Fountain. Same was approved.

A communication from the Riverdale Methodist Episcopal Church, presenting a claim and demand against the Trustees and City Engineer for damages to their property by the removal of shade trees purporting to be in the parkway along the street on Palmer avenue, in the sum of \$500. Upon motion the claim was disallowed and ordered filed.

The matter is the outcome of disagreement upon the part of the Methodist Church and the City Engineer as to whether certain trees on Palmer avenue were in the line of improvements or in the parkway. The trees were removed upon the engineer's report that the trees were in the line. The church contends that they were in the parkway.

## NO DANGER FROM A WATER SHORTAGE THIS SUMMER

For the first time in the history of the city of Tropico the reservoirs of Tropico and Glendale are overflowing with water. Not a pump in any part of the valley supplied with canyon water has been called into requisition to supplement the flow into the canyon.

The Verdugo Water Company has installed 1200 feet of new pipe connecting the flow in the canyon from what is known as the division box on Ross' Hill to the division box on the south side of Verdugo Wash near the Ross Packing House. This is the means of saving a serious waste that has been of annoyance to the vouchers of that locality and has consequently held down the supply in the reservoirs.

This means that Tropico need have no more fear of an inadequate supply of water in the near future.

Contractor Oliver Spear, with workmen, started last Tuesday morning to remove the debris from the Deverian property on South San Fernando Road. The building was recently destroyed by fire and as soon as cleared an up-to-date building, with 50-foot frontage and 30-foot depth, will be erected. Mrs. F. H. Davis has rented 20 feet and will open a first-class restaurant. Two more rooms will be for rent. The building, of pressed brick, will add much to that part of the business district.

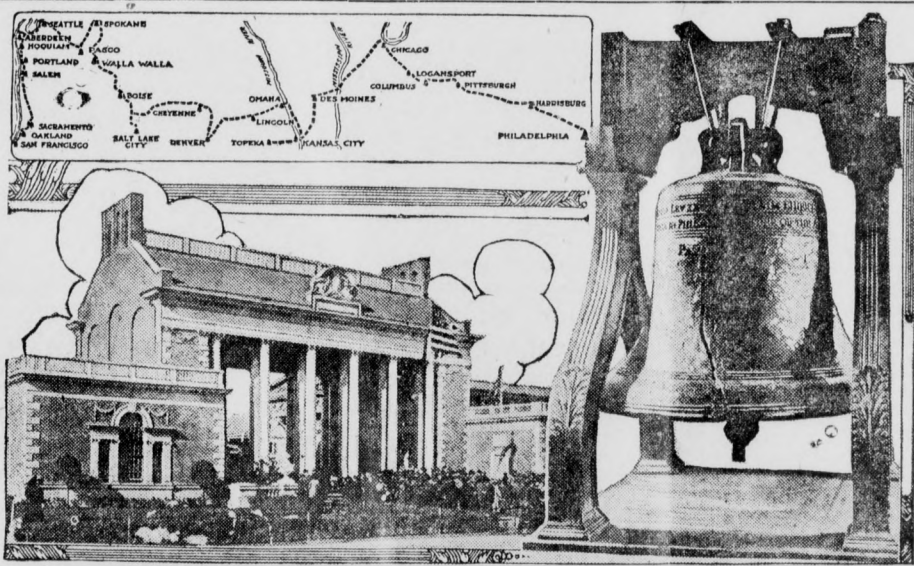

IT HAS BEEN DEMONSTRATED AGAIN! "TROPICO IS A COMING CITY" IN WEDNESDAY'S FLORAL PARADE TROPICO CARRIES OFF THE FIRST PRIZE IN AN EIGHT MILE COMPETITION. TROPICO CHAMBER OF COMMERCE SIGNED UP ENTRY BLANK AND APPOINTED COMMITTEE TO CARRY OUT PROJECT. THIS COMMITTEE ASSISTED BY LADIES FROM THE THURSDAY AFTERNOON CLUB MADE TROPICO'S FLOAT THE TALK OF LOS ANGELES AND HER THOUSANDS OF VISITORS. THE BULK OF THE CREDIT GOES TO MRS. A. L. BANCROFT, H. E. MAGMULLIN AND DR. W. C. MABRY BUT THEY WERE ABLY ASSISTED BY MANY. IN THIS ISSUE IT IS IMPOSSIBLE TO GIVE FULL JUSTICE TO THE FLOAT AND THOSE WHO MADE IT POSSIBLE. ANOTHER ISSUE WILL GIVE DETAILS. HOWSOEVER, WE ARE SOME PROUD CITY!

## VISIT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION LIBERTY BELL DAY, JULY 17

The greatest patriotic ceremonies in the history of the west will be held in San Francisco on July 17th when the Liberty Bell, priceless relic of American Independence which first

great delegation from Pennsylvania including the Mayor and the members of the select and common councils of Philadelphia. Guards in the quaint uniforms of the soldiers of the Colo

Speaker Champ Clark, of the National House of Representatives in Washington, will be the orator of the day and will make the principal

pealed forth notification that the Continental Congress had adopted the Declaration of Independence, will be formally welcomed at the Panama-Pacific International Exposition.

After its long journey across the continent, the Liberty Bell will remain in San Francisco but five days. Every patriotic American should join in the Liberty Bell Day celebration. Every school boy and girl should ask their parents to take them to see the Liberty Bell in San Francisco. This is the first time the great Liberty Bell has ever been seen in the west. A special car was constructed for the transportation of the Liberty Bell across the continent and to be certain that it will meet the requirements, an extraordinary test was made at Philadelphia. This car was run through the railroad yards in Philadelphia at a speed of fifty-five miles an hour. A cauldron of water was placed on board filled to the very brim and when the car came to a standstill, it was found that not a single drop had been spilled.

Accompanying the Bell will be a

nial Period of the United States will guard the historic treasure.

When the Bell reaches San Francisco it will be placed upon a float in the huge parade that will take place. It is proposed to have not less than forty-eight beautiful girls—one from each state—who will ride upon the float and do honor to the Bell and the queen who will be chosen. Thousands of troops will take part in the parade. The Pennsylvania Society of California will be represented. The Bell will be escorted to the Exposition grounds where it will be placed in the great Pennsylvania Building. This building recalls the famous Independence Hall in Philadelphia. There it will remain for five days before returning to Philadelphia. The details of the great parade and reception of the Bell on July 17th have been arranged. Major General Arthur Murray, United States Army, will act as Grand Marshal of the day. The military will take part in a magnificent pageant from the Southern Pacific Depot at Third and Townsend Streets, San Francisco, to the Exposition

address.

The thousands of school children of San Francisco, whose mammoth petition to have the Bell sent here assisted to persuade Pennsylvania to loan its treasure, will also play an important part in the ceremonies. These children will be lined on the parade route along both sides of Van Ness Avenue and provided with American flags and flowers with which to strew the path of the Liberty Bell.

Thousands of school children and their parents in all parts of the West will take part in the celebration on the Exposition grounds. Every school in California should be represented. Every school should record its participation in these giant ceremonies in its archives. This will be a great patriotic outpouring of the people, a day when sentiment for the flag and for the early days of the nation will rule. Be sure you take part in this greatest of patriotic demonstrations at the Panama-Pacific International Exposition on July 17th.

## MAKE THE CLOSING DAYS COUNT, CAMPAIGN SOON CLOSES, ONLY EIGHT MORE DAYS LEFT

Count the days. Only eight days left before the great Sentinel-Press voting campaign will be over and done. Only nine days left in which to determine who will be the fortunate recipients of the splendid prizes to be given away on the evening of July 24.

These last days are the one during which friends and acquaintances will rally to the support of their favorite candidates. Now is the time for the candidates to make their last effort to put over the winning number of votes.

This week is of special significance for the reason of the offer of 250,000 bonus votes for each \$10 in subscription money turned in, as well as for the special prize votes ranging from 1,000,000 to 100,000 to be awarded on the evening of July 17. Many candidates will take advantage of this special offer. Then there is the last week, just ahead of us, which will be the busiest and most determining week of the campaign. For the last week is the period when those candidates who intend to win will extend themselves in the last grand effort to acquire votes.

Every candidate should tell his or her friends that the last effort is at hand, and that the time is here for the support that many have promised. The last week will be one great vote-getting week, for support will come from many sources where only promises were found before.

Tell your friends and acquaintances that you are in the race to win, and that you are going to be there at the finish with flying colors. That is the spirit they have been waiting for someone to show. That is the spirit that will get the determining votes of the last week of the race.

It is up to you—and that within the next eight days—whether you are to be the one who sits at the steering

wheel of the splendid 5-passenger Chevrolet touring car, or whether it will be someone else.

Determine for yourself whether or not you are going to be the one who carries home on the evening of July 24 the \$200 course in the Von Stein Academy of Music. Just think of being able to earn a scholarship in such a school as the Von Stein institution for only a few weeks' effort, and most of that effort you have already expended. Do not let this exceptional opportunity slip by, for just the mere energy it will take during the next eight days. Make those eight days count.

There are only eight days left in which to tell the story of who shall joyfully review the amazing sights of the San Francisco and San Diego Expositions. There are just eight days left in which to make certain of a full-term \$50 scholarship in the splendid Mackay Business College.

Do you realize that it will be a long, long time ere you have the opportunity of winning such a valuable award for a few weeks' effort as this course in the widely known Mackay school? Why, there are many persons who have planned and stunted for years to arrange the matter of a course in this school. A school that fits you to make money and be of use to the world for the rest of your days.

Also there are only the same number of days left in which to settle the question of who shall become the possessor of the vacuum sweeper which is on display at the store of Frank B. McKenney & Son. This valuable household accessory will go to some one of the candidates.

Yes, there are only eight days left, but they will be great days. They will be the determining days of the campaign. Make every minute count. That is the way to win.

## KNIGHTS OF PYTHIAS AT BANQUET HONOR TWO MEMBERS

Last Monday evening after the regular meeting of the Knights of Pythias, the entertainment committee invited those present into the banquet rooms where an excellent lunch had been prepared. The occasion was in honor of Mr. Claude Hill and Mr. Harry Schafer, who have lately taken upon themselves a bride. With well chosen words toastmaster F. H. Davis presented to the boys on behalf of Visor lodge sets of silver spoons. After response from them those present congratulated the newly weds and expounded words of advice.

The banquets of Visor Lodge appear nearly every meeting night now and attract many members. There is always something going on.

## A FORD TURNS TURTLE AND WOMAN INJURED

Last Friday as T. J. Griffin and wife of 421 West 47th street, Los Angeles, were passing through the city, in their Ford, the steering gear broke and after swerving several times turned turtle at San Fernando Road and Tropico Avenue. Mrs. Griffin was carried to the home of W. E. Anderson and Dr. Malry called. After examination it was found that she had sustained a badly wrenched back and possible fracture of the pelvis or right hip joint. She was later removed to the Good Samaritan Hospital. Mr. Griffin received a badly bruised thumb. The machine was wrecked.

## POVERTY IS NO EXCUSE FOR EVADING ANY RESPONSIBILITIES

In the case of the City of Glendale against the Glendale Consolidated Water Company before the Railroad Commission of California, it was the contention of the Title Guarantee and Trust Company, as trustee, that it was not the duty of the defendant company to provide the equipment and facilities for the performance of its duties to the public at its own cost.

This contention was distinctly overruled. In deciding the point the Commission says:

"The Title Guarantee and Trust Company claimed that it was merely in the position of Trustee for the bondholders of the Glendale Consolidated Water Company and that it could not be compelled to secure funds in addition to those in its treasury as such trustee in order to pay for the service connections and meters. THE DUTY OF A WATER UTILITY TO THE PUBLIC CANNOT BE AVOIDED IN SUCH A WAY BY THE SALE OF A PLANT AT FORECLOSURE. The purchaser takes the plant property subject to all the obligations to the public. It is the duty of the bondholders in the case to see to it that the water company perform its duties to the public. If the bondholders are unwilling to do so they should dispose of the plant to somebody who will do so."

Also, the Commission says: "The water companies are entitled to have the rate fixing authorities consider their expenses for service connections and meters, but they should not labor under the delusion that they have the right to pay for their capital out of income and to compel their consumers in that way to donate to them their system."

RESOLUTION OF INTENTION  
NO. 206.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO, STATE OF CALIFORNIA, DECLARING ITS INTENTION TO IMPROVE GREEN STREET AND A PORTION OF HILL STREET IN SAID CITY.

The Board of Trustees of the City of Tropic do hereby resolve as follows:

## SECTION 1

That the public interest and convenience require, and it is the intention of the Board of Trustees of the City of Tropic, State of California, to order the following street work to be done in said city, to-wit:

## FIRST:

That Green Street throughout its entire length and that portion of Hill Street included in the intersection of Green Street and Hill Street be graded and macadamized in accordance with plans, cross-sections, profile and special specifications for the improvement of Green Street and a portion of Hill Street in the City of Tropic which said plans, cross-sections, profile and specifications were duly adopted by resolution No. 205 of the Board of Trustees of said City.

## SECOND:

That a cement curb be constructed along each line of the roadway of Green Street throughout its entire length and along the most southerly termination of the roadway of Hill Street. All curbs shall be constructed in accordance with plan No. 61, Cross-section No. 61, Profile No. 61, and in further accordance with Special Specifications for the improvement of Green Street and a portion of Hill Street in the City of Tropic, which said plans, cross-sections, profile and specifications were duly adopted by Resolution No. 205 of the Board of Trustees of said City.

## THIRD:

That a cement sidewalk five feet in width be constructed along each side line of Green Street throughout its entire length and across the most southerly termination of Hill Street. The outer edge of said sidewalks to be on a line parallel to and seven inches from the respective property lines of the street; all sidewalks to be constructed in accordance with Plan No. 61, Profile No. 61, Cross-section No. 61 and special specifications for the improvement of Green Street and a portion of Hill Street in the City of Tropic which said plans, cross-sections, profile and specifications were duly adopted by Resolution No. 205 of the Board of Trustees of said City.

## SECTION 2

All plans, profiles, cross-sections and specifications referred to in this resolution are on file in the office of the City Engineer of said City; said plans, profiles, cross-sections and special specifications are hereby referred to for a more particular description of said work and made a part hereof.

## SECTION 3

The Board of Trustees of the City of Tropic determines that serial bonds shall be issued to represent assessments of Twenty-five Dollars (\$25.00), or over for the cost of said work of improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid.

Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

## SECTION 4

The Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropic, is hereby designated as the newspaper in which this Resolution of Intention and notice of the passage thereof, shall be published in the manner and by the persons required by law.

## SECTION 5

The Superintendent of Streets of said City of Tropic is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

## SECTION 6

The City Clerk of the said City of Tropic is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement a postal card containing notice of the passage of this Resolution, and calling attention of the fact that said property is to be assessed for said improvement.

Adopted and approved this 6th day of July, 1915.

NELSON C. BURCH,

City Clerk of the City of Tropic.

I heard a person state the other day

"that this town was too full of moss-

backs and tight wads to suit him, he

was going to get out." The quicker

those fellows get out the better the

town will like it. I have been in

a good many cities in my life and

I have found them all alike. Every

town has its popular idol, it's

champion tight wad, it's meanest man,

it's famous drunkard, it's most worth-

less citizen, and it's greatest draw-

back.

No town has a citizenship made

up of angels. No town is free from

the petty annoyances of half human inhabitants. Every town has a few men who would not contribute one cent to any worthy public enterprise. Many towns have men who refuse to help along a public library. There are persons in every city who would suck away the life blood of the community and give nothing in return.

The thing for you and me to do is to try and pull hard enough the other way to overcome these evils. We don't need to be a triple-plated stinker just because our neighbor and would-be friend is.

These persons all have their rating in Uncle Sam's books at the White House—and also in the city swine book.

Look around and see the great majority of good fellows who are willing to pull with you in the right direction.

There are too few good fellows and so many bad ones in every town.

THE CITY OF TROPICO, a Municipal corporation, Plaintiff.

vs.  
ELIZA BIRNEY, E. B. HALL and ETHELDA HALL, his wife, P. S. MYERS, and MAGDALENA MYERS, his wife, JOHN DOE, JANE DOE, and SAMUEL COE COMPANY, a corporation, Defendants.

NOTICE IS HEREBY GIVEN to all persons owning or having any interest in any property included within the assessment district described in Ordinance No. 97 of the City of Tropic, State of California, aforesaid, the 1st day of December, 1914, and entitled: "An Ordinance of the City of Tropic declaring the intention of the Board of Trustees of the City of Tropic to order the opening and extending of Acacia Avenue of the City of Tropic from the present westerly termination of Acacia Avenue to the easterly line of Central Avenue of said City, and repealing Ordinance No. 95 of said City;" That the report of the Referees in the above entitled action was filed in the office of the County Clerk of Los Angeles County, and Ex-officio Clerk of the said Superior Court, on the 13th day of July, 1915, and that thereafter, to-wit on the 13th day of July, 1915, said Court in Department 3 thereof duly and regularly appointed the 30th day of July, 1915, at the hour of 10 o'clock a. m., in said Department, as the time and place for hearing the said report.

Each and every person owning or having an interest in said property included in said assessment district is hereby required to intervene in such action and file in the office of the Clerk of said Court within the time required by law, his exceptions in writing to such report, if any he has, specifying the grounds upon which such exceptions are based.

Said assessment district above referred to includes that piece or parcel of land within the following described exterior boundary lines in the City of Tropic, County of Los Angeles, State of California, as follows, to-wit:

Beginning at a point which is the north-westerly corner of Lot 1, Tract No. 1375, as recorded in Map Book 18, Page 55, records of Los Angeles County, and is also a point on the westerly line of Brand Boulevard; thence westerly along the northerly line of said lot and the westerly prolongation of said line to the intersection of said westerly prolongation line with the easterly line of Central Avenue; thence southerly along the easterly line of Central Avenue, to a point which is the intersection of the easterly line of Central Avenue with the westerly prolongation of the southerly line of Lot 4, Tract No. 333, as recorded in Map Book 16, Page 154, of the records of Los Angeles County; thence easterly along the said westerly prolongation line and the southerly line of said Lot 4, to the southeasterly corner of said Lot 4, which point is also on the westerly line of Brand Boulevard; thence northerly along the westerly line of Brand Boulevard to the point of beginning, excepting therefrom so much of said land which may be included within the lines of any public street or alley.

GIVEN under my hand and the seal of the Superior Court of the State of California, in and for the County of Los Angeles, this 13th day of July, 1915.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach  
the diseased portion of the ear. There is  
only one way to cure deafness, and that is  
by constitutional remedies. Deafness is  
caused by an inflamed condition of the mucous  
lining of the Eustachian Tube. When this  
tube is inflamed you have a rumbling  
sound or imperfect hearing, and when it is  
entirely closed, Deafness is the result, and  
unless the inflammation can be taken out  
and this tube restored to its normal con-  
dition, hearing will be destroyed forever; nine  
cases out of ten are caused by Catarrh,  
which is nothing but an inflamed condition  
of the mucous surfaces.  
We will give One Hundred Dollars for any  
case of Deafness (caused by catarrh) that  
cannot be cured by Hall's Catarrh Cure.

**Ask your Grocer about Profit Sharing Coffee.**

A number of Tropic people are  
making preparations for homesteading  
government land. The "fever" of get-  
ting back to the farm is spreading.  
It does not need an antidote.

The County Board of Equalization  
is in session, and the question of fixing  
values for purposes of taxation is be-  
fore the people, burdened with tax-  
able papapions.

City Treasurer Brown is in daily and  
nightly attendance on the Board of  
Equalization. He is one of the most  
valuable men the County can get for  
service in this line.

City Engineer Ashton will see to it  
that Tropic gets its share of protec-  
tion from storm water damages at  
the hands of the Board of Supervisors.

The Ladies' Aid of the Tropic Pres-  
byterian Church held a social tea at  
the home of Mrs. Edwin Brown on  
Halstead street last Tuesday after-  
noon.

For ambulance service call Glen-  
dale 143--both phones. Scovern,  
Letten, Frey Co., corner Brand  
and Acacia, Tropic.

Mrs. W. E. Burk and sons arrived  
in Tropic last week from Detroit,  
Mich., and will again take up their  
abode here after an absence of a  
year. Mr. Burk is in San Francisco  
and will remain for several days be-  
fore coming.

People who promiscuously insist  
upon shooting off firearms at night  
should be careful or serious trouble  
may result. A few nights ago a shot  
entered a house and tore the plaster  
off the wall. While this fact is of  
small importance the danger is that  
in the same line and but a few feet  
further people was sleeping. A little  
precaution would help.

Last week George Seal sold his in-  
terests in the gas filling station, at the  
corner of Tropic avenue and San Fer-  
nando road, to the Puente Oil Com-  
pany. Mr. W. F. Norton took charge  
and has a force of men working to re-  
model the building for keeping acces-  
sories and beautifying the lawn. A  
picket fence has been built and flow-  
ers set out.

Died—Jerrold E. Morrison, at the  
home of his mother, Mrs. W. H. Morri-  
son, 907 E. Maple avenue, Monday,  
July 12, aged 5 years and 19 days.  
Funeral services conducted by Rev.  
E. E. Francis of the Christian Church,  
at Grand View cemetery, July 13. In  
charge of Scovern-Letten-Fry Co.

Mrs. Jno. Seaman assisted by her  
daughter Miss Eloise Seaman en-  
tertained in honor of Miss Janet Seaman  
last Monday afternoon. The occa-  
sion was the birthday of Miss Janet  
and 20 young ladies were in atten-  
dance.

E. J. Upham, who has been in  
charge of the Singer Sewing Machine  
in Tropic and Glendale for the past  
few years and connected with the  
company for the past 40 years has  
retired and will spend the rest of his  
useful life in resting. Mr. Upham  
has made many life long friends in  
this locality who are sorry to see him  
leaving the business life. His suc-  
cessor H. W. Hutchinson is a young  
man, full of life and energy with  
experience in his chosen work and  
will no doubt become a factor in the  
mercantile struggle of our community.

The different committees in charge  
of Tropic's float worked industriously  
to make it one worthy of notice in  
Wednesday's parade.

The float is typical of Tropic's ad-  
vantages as a home site. A portion  
of a bungalow with the popular  
Pergola covered with vines and a  
lawn. The color scheme is white and  
purple in honor of the visiting Elks.

On the float Misses Dorothy Hobbs,  
Eloise Seaman, Mary Jane Hough  
and Carrie Stone, dressed in white,  
white middies and purple ties. There  
will be no legends or mottoes, the  
word "Tropic" tho will be in evidence.  
Preceding the float and following  
in automobiles will be members of the  
Chamber of Commerce wearing white  
sport shirts and hats with purple  
ties.

The Tropic Presbyterian Church  
Sunday School will picnic at Echo  
Park on Saturday, July 17. Special  
cars will leave Tropic avenue station  
at 10 o'clock.

Workmen commenced excavating  
for the erection of the Clendenning  
block last Tuesday. This block, cor-  
ner of San Fernando Road and Tropic  
avenue, will be 75 feet frontage on  
San Fernando Road and running back  
65 feet on Tropic avenue. There will  
be four store-rooms, two of which  
have already been leased. The corner  
30 feet has been leased by O. P. Mar-  
tin, who will move his hardware stock  
in. He will also have a warehouse in  
the rear. Al Vaulet has also leased  
one of the rooms.

This building will be of pressed  
brick and will greatly improve the  
business district.

**Alligator Pear Salad.**

PEEL and cut alligator pears in  
halves. Take out the stones and  
the brown membrane surround-  
ing them. Cut in dice. Mix two  
parts of pears to one of grapefruit,  
cut in pieces. Pour over all a French  
dressing made with lemon juice, pa-  
prika and all. Serve on lettuce leaves  
with wafers.

**Other Recipes.**

Roast Veal.—Take a thick piece of  
veal from the upper part of the leg.  
Dredge with salt, pepper, ginger and  
flour. Put in dripping pan in a hot  
oven with three tablespoonfuls of beef  
or poultry drippings. When the meat  
is browned baste with fat and reduce  
the heat. Add a little water and baste  
often until tender. An excellent brown  
gravy can be made with the liquor.

Hash.—Remove bones and gristle  
and chop the meat. To each cupful  
of meat add two cupfuls mashed po-  
tatoes. Season with half teaspoonful  
salt and a bit of pepper. Mix thor-  
oughly. Put two tablespoonfuls butter  
or dripping into a fry pan. Add the  
hash and let cook slowly until browned  
on the bottom. A little stewed to-  
mato or onion juice may be added.

**Two Salads.**

Asparagus Salad.—Cook a bunch of  
two of asparagus until tender. Cut  
into one inch pieces. Place on lettuce  
leaves and mix with a boiled dressing.  
Garnish with boiled eggs cut length-  
wise in quarters.  
Shad Roe and Cucumber Salad.—Let  
shad roe simmer twenty minutes in  
salted water flavored with vinegar.  
Cool, cut in slices and cubes. Pour  
over a French dressing. Add cucum-  
ber, peeled, cut in cubes, and mayon-  
naise to moisten. Place salad on a  
bed of crisp lettuce leaves. Garnish  
with sliced cucumbers.

Anna Thompson.

## KNOW THY COUNTRY

### III---Telegraph and Telephone

Our transportation facilities are the most perfect product of this great commercial age and the telegraph and telephone systems of this nation crown the industrial achievements of the whole world. These twin messengers of modern civilization, born in the skies, stand today the most faithful and efficient public servants that ever toiled for the human race.

They are of American nativity and while warm from the mind of the inventive genius have, under American supervision, spun a net-work of wires across the earth and under the seas. Telegraphy, in its early youth, mastered the known world and the telephone has already conquered the earth's surface, and now stands at the seashore ready to leap across the ocean.

No industry in the history of the world has ever made such rapid strides in development and usefulness, and none has ever exerted a more powerful influence upon the civilization of its day than the Telegraph and Telephone. Their achievement demonstrates the supremacy of two distinct types of American genius--invention and organization.

The industry was peculiarly fortunate in having powerful inventive intellect at its source and tremendous minds to direct its organization and growth. It is the most perfect fruit of the tree of American industry and when compared with its European contemporaries, it thrills every patriotic American with pride.

Ambitious youth can find no more in-

spiring company than the fellowship of the giant intellects that constructed this marvelous industry and a journey along the pathway of its development, illuminated at every mile-post of its progress by the lightning-flashes of brilliant minds, will be taken at a very early date.

A brief statistical review of the industry brings out its growth and magnitude in a most convincing and unforgettable manner.

The telephone service of the United States is the most popular and efficient and its rates are the cheapest of the telephone systems of the world.

We are the greatest talkers on earth. We send 60 per cent of our communications over the telephone. The world has about 15,000,000 telephones and of this number the United States has approximately 9,540,000. Europe 4,020,000 and other countries 1,300,000. According to the latest world telephone census, the total telephone investment is \$1,906,000,000 and of this amount \$1,095,000,000 was credited to the United States, \$636,000,000 in Europe and \$175,000,000 in other countries. The annual telephone conversations total 24,600,000,000 divided as follows: United States 15,600,000,000; Europe 6,800,000,000, and other countries 2,200,000,000. The total world wire telephone mileage is 33,262,000 miles divided as follows: United States 20,248,000, Europe 10,335,000, and other countries 2,679,000. About six per cent of the world's population and sixty-one per cent of the telephone wire mileage is in the United States.
